

Providers R Us

Greece Area Child Care Provider Support Group
Providers Supporting Providers

Providers R Us is a provider run support group in the Greece, NY area that has been helping providers deal with, isolation, training requirements, children referrals, and basic day-to-day support since, April 2003. When this group was formed, our goal was to support each other with things such as curriculum, business paperwork, and give providers an outlet to socialize with others that are dealing with the same issues. Over the years, our group has grown tremendously. There is a trust that has formed within our group members. Providers know there are people in their area that deal with the same issues as them. They are not alone, and these are people that they can count on. With that trust comes a true “want” to help their fellow providers. We have implemented training workshops into our group. Some of the members have been surprised that they CAN present a workshop. We also have a built in “referral system”. If any of our members receive a call for care that they cannot fill, they will pass the information on to the rest of the group. This has proved to be a wonderful resource for providers filling spots, but also to the parents that are in our community.

Providers R Us meets the second Monday of each month, with the possible exception of holidays/school vacations. We meet at [750 Long Pond Road, Greece Assembly of God Church](#), next to the YMCA. Our group runs from 6:45-9:00. All group or family providers are welcome to join the fun. Email Tammy at providersrus@yahoo.com for more info.

Upcoming Activities
